

December 1, 2022

Dear Valued Customer:

Please be advised that effective December 1, 2022, the monthly rate for your rubbish and recycling disposal service will increase by \$3.00 per month, or about \$.35 cents per week for each service.

We regret having to take this action; however, this modest price adjustment is necessary due to rising operating costs, in particular, the dramatic increase in insurance costs, and increased tipping fees at our disposal sites. This increase will help cover these rising costs over which we have no control. Please be assured that Royal Carting is committed to providing reliable, high quality, environmentally responsible refuse and recycling disposal service at the lowest possible cost.

Your patronage is deeply appreciated. Please do not hesitate to communicate with one of our residential customer service specialists if you have any questions or comments.

Very truly yours,

Emil Panichi
President
